Dear Dr. Jarding:

This letter is in response to your Freedom of Information Act (FOIA) request made December 7, 2018 and received by the Rocky Mountain Regional Office on December 13, 2018. Your request was assigned control number **2019-FS-R2-01443-F**.

Your FOIA request sought proposed Plans of Operation and related records for exploratory gold mining on the Mystic Ranger District of the Black Hills National Forest. The Forest has previously made two proposed Plans of Operation available on the Forest's website. The records provided here are four additional proposed Plans of Operation on the Mystic Ranger District consisting of 47 pages. Post review, we have determined that the 47 pages are being released in full in this first response. They are Bates labeled 1BHCWA_FOIA_000001 through 1BHCWA_FOIA_000047. The Regional Office is continuing to review responsive records for future releases.

This FOIA request is the subject of *Black Hills Clean Water Alliance v. United States Forest Service*, Case No. 5:20-cv-05034-JLV. If you have any questions, please do not hesitate to contact Assistant United States Attorney Stephanie C. Bengford at telephone: (605) 357-2341, fax: (605) 330-4402 or email: Stephanie.Bengford@usdoj.gov.

Dear Dr. Jarding:

This letter is in response to your Freedom of Information Act (FOIA) request dated December 7, 2018, and received by the U.S. Department of Agriculture's Forest Service Rocky Mountain Regional Office on December 13, 2018. Your request was assigned tracking number **2019-FS-R2-01443-F**.

In response to your FOIA request, a search was conducted for responsive electronic and hard copy records. After a complete review of those records, the Regional Office has determined that the remaining files are ready for release in this ninth response. Included in these records are 25MB of GIS data, released in full and in each files' native format. Seventy-nine MB of responsive GIS data files was withheld in full under Exemption 3 (5 U.S.C. 552(b)(3)) of the FOIA. During the final review of all the productions, a re-release of productions 5, 7, and 8 are also included in this final release. The number of protections exerted in these productions has been greatly reduced, and corresponding redactions subsequently removed. These re-releases are presented in standard PDF format and consist of 2,023 pages Bates labeled 1BHCWA_FOIA_014048 through 1BHCWA_FOIA_016070, 3,000 pages Bates labeled 1BHCWA_FOIA_019071 through 1BHCWA_FOIA_022070, and 1,062 pages Bates labeled 1BHCWA_FOIA_022071 through 1BHCWA_FOIA_023132, respectively. The portions that remain redacted are protected under Exemption 3, Exemption 5 (5 U.S.C. 552(b)(5)) and Exemption 6 (5 U.S.C. 552(b)(6)) of the FOIA. The Regional Office is currently in production of a Vaughn index, indicating the information redacted and setting forth the basis for those redactions.

This is the final release of records by the Forest Service Rocky Mountain Regional Office in response to your FOIA request. This FOIA request is currently the subject of *Black Hills Clean Water Alliance v. United States Forest Service*, Case No. 5:20-cv-05034-JLV. If you have any questions, please do not hesitate to contact Assistant United States Attorney Alison J. Ramsdell at telephone: (605) 357-2338, fax: (605) 330-4402 or email: Alison.Ramsdell@usdoj.gov.
